Dear Mr. Rosen,

The Governor's office recently sent your letter of inquiry to our attention; I'm writing to respond.

Individuals receive two primary forms of recognition for creative work in this state: we have an annual OAC Award for outstanding achievement, as well as one of the largest state-run artists fellowship programs in the country. Material on both of these is enclosed, as well as a recent copy of artspace which focuses this issue on individual artist support here in Ohio.

Thanks for your inquiry. Let us know how we can be of help.

Sincerely,

Denny Griffith
