Dear Mr. Mobley:

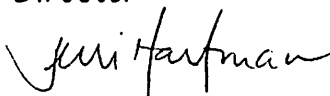

Some time ago we heard about Dinosaur Acres, and were very intrigued. SPACES is a national arts organization dedicated to identifying, documenting, and preserving unique handmade projects like Dinosaur Acres. We would love to hear more about you and your construction.

Does the site still exist? Is it still open to the public? We would also be interested to know if articles about Dinosaur Gardens have appeared in local newspapers or magazines.

Thank you very much for your help. People interested in visiting sites such as Dinosaur Gardens are always asking us for information, and we'd like to be as accurate as possible. We look forward to hearing from you.

Sincerely,

Seymour Rosen
