Dear Mr. Fraher,

Thanks for your response to our letter regarding state awards. Surprised you've not heard of us--we've sent press releases and other info to your office in the past. I met Dennis Cohelo and Timothy Cochran at the Utah Folklore Conference in June of '81.

Here's our most recent (first, in fact) newsletter for your files. While this issue is specifically focused on California, we're planning to look at other states and regions in the future.

We've got no record of a site in Cheyenne; please do send us info for our archives, and any kind of photo (postcard perhaps) that may be available. Most interested in hearing about it!

Thanks again for your note. Good to be in contact with you!

Sincerely,

Seymour Rosen
Director
